If you need advice or guidance on which subjects to choose, please visit the IB website, refer to the IB Information Booklet that we issue or contact the IBDP Coordinator Melanie Brown at [brown.m@nexus.edu.sg](mailto:brown.m@nexus.edu.sg)

The curriculum for Year 12 and Year 13 contains a compulsory core of subjects. The core subjects are:

**Creativity, Activity, Service (CAS); Extended Essay (EE) and Theory of Knowledge (TOK)**

In addition to the core subjects, learners must choose six other subjects. One must be chosen from each “block” and no subject may be chosen more than once. It is our intention to offer these courses for the 2020-2021 academic year but course viability will depend on learner numbers for each course. IB Diploma candidates must study 3 subjects at Higher Level and three subjects at Standard Level. This will be determined during the induction period in discussion with the IBDP Coordinator. The subject blocks are:

\* Language A is the language that a learner can most competently read, write, listen and speak. If this is not Chinese or English then please contact the IB Coordinator to discuss the options further

\*\* Language B is a language that has been learnt for 2+ years previously but is not a learner's most competent language

\*\* Language ab initio is for learners who have studied a language for under two years or have no prior experience of it

\*\* A combination of Spanish B SL and Mathematics Analysis and Approaches HL is not available.

Once a student has commenced his/her chosen subject, reconsideration of the subject choices must happen within the first few weeks. In any circumstance, the change of subject requires careful consideration by the Head of School and IBDP Coordinator.

Subjects should be chosen based on their relevance to learners' future study, achievement and enjoyment and not because of friendship groups.

**When completed please return this form to the IBDP Coordinator or Student Services.**
