

IGCSE SUBJECT SELECTION FORM - AY 2019/2020 to AY 2020/2021

Family Name: Given Name:

If you need advice or guidance on which subjects to choose, please refer to the Nexus IGCSE Curriculum Booklet or contact the Phase Leader for Years 10 and 11: Sonny Feng at feng.s@nexus.edu.sg

The curriculum for Year 10 and Year 11 is set up with a compulsory core of subjects and four blocks where learners have some subject choices.

The core subjects are:

Subject	Number of IGCSE Certificates
English	1 (2 if learner takes English Literature)
Co-ordinated Science	2 (as the course is a double award course)*
Mathematics	1*
Global Perspectives	1 (This is a Humanities based course).**

* We offer three IGCSE Mathematics courses, including IGCSE Additional Mathematics; we also offer three Separate Science IGCSEs as well as Co-ordinated Science. Learners will be guided onto the most appropriate course in consultation with teachers.

** Some learners may instead study an English Foundation course, the choice being determined by the school, based on language proficiency.

In addition to the core subjects, learners must choose four other subjects. One must be chosen from each “block” and no subject may be chosen more than once other than Foundation English (Support) upon the recommendation of the Head of School. It is our intention to offer these courses for the next academic year but course viability will depend on learner numbers for the course.

The subject blocks are:

Block A	Block B	Block C	Block D

**** Learners are advised not to select both Economics AND Business and should speak to their teacher if they are considering this combination.

Once a student has commenced his/her chosen course, reconsideration of the decision must happen within the first few weeks. In any circumstance, the change of course requires careful consideration by the Head of School.

Subjects should be chosen based on their relevance to a learner’s future study, achievement and enjoyment and not because of friendship groups.
